

Well again fellow shirrans!

Huzzah to you all for your parts in freeing Lyceaon from the possessive clutches of the evil Kisst'Ha. It is good to know that such courage exists in our shire.

I would like to convey my congratulations to Larken LeSabre on her appointment to Sheriff, and to Lyceaon De Wolfe Hunter on his appointment to Regent. May your respective reigns ensure the peace of the shire.

It is my pleasure to appoint Sceano Novin to the position of Personal Guard of the Regent. He has proven himself to be a puissant fighter, and I trust his judgement. Sceano, good luck trying to keep Lyceaon out of trouble. You'll need it.

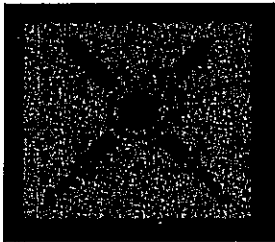

It gladdens my heart to see the palisade finally completed. Now we can begin constructing the fortress proper. I'm sure we can get the keep built in no time at all if we all pitch in and help. After all, the peasantry can only be expected to accomplish so much.

This evening, we shall briefly warm up with some ditch fighting (briefly, because it's already warm enough), then we'll have a "normal" battlegame. Time permitting, we may play out a special scenario.

I'll see you all on the battlefield.

In service to the Shire, the Celestial Kingdom, and The Dream,

Tel Janin Grymm, Battlehealer  
Champion of the Shire of Barren Donga

## Words Of The Sheriff

Merry met, fellow citizens of the Shire of Barren Donga. I would like to say well done to all of those newly battle tested members of our shire. The attack on the Shire last week was a brutal one. But down to the least, we persevered. Congratulations to Lyceaon de Wolf Hunter who is serving as Regent, to our kinder and gentler Tel Janin Grymm who is still our reigning champion and to Sceano Novin who has been honored with the title of Regent's Guard. My sincere appreciation to all who contributed in the feast and made it such a success.

In explanation for the previous sheriff's actions, I can only say that the evil dracolich Kisst'Ha that we has previously banished from this realm had invaded his body and was endeavouring, once again, to take over our shire. Much of the other details still remain a mystery to me and we shall seek further details from now Regent Lyceaon de Wolf Hunter at a special council on this eve.

I want to congratulate you all on the progression of your training. Your levels of success will be listed below. Please see me if there are any discrepancies. We need to make sure that every detail is ironed out over the coming weeks, as we are preparing to forward our training records to the Celestial Kingdom.

In Service to the Dream,  
Sheriff Larken LeSabre

The following populace are eligible for additional training, as they were not present at our weapons making day: Elliot Dane, Sceano Novin, Amber Budden, Drake of RavenCrest, Chopper, Ix and Liz. This training needs to be completed before the end of January if we are to give the additional half a point to this month training score. If any of you are interested, see the Shire officers personally or see a messenger to set up an appropriate time.

## Treasury Report

The Shire's previous balance was \$45.65. \$12.00 was removed to cover the expenses of half an ink cartridge for the printing of all the Shire's paper materials.  $45.65 - 12 = 33.65$ . Random Snake Eyes, Drake Of RavenCrest and Mi McGlamery have paid their taxes of \$9.00 each.  $33.65 + 27.00 = 60.65$ . The feast was \$5.00 a piece for the populace who do not pay taxes. We had 5 paying guests  $60.65 + 25 = 85.65$ . \$100 in personal moneys were spent for the feast. \$40 was reimbursed.  $85.65 - 40 = 45.65$ . Upon counting of the treasury at the change the guard, there was \$46.80. If any one has any objections to these expenses, please feel free to discuss it with any of the Shire officers. Once again, the current total for the Shire's moneys is \$46.80.

## From the Regent,

Good day to all who read these words. I, Lyceaon de Wolfe Hunter, have assumed the mantle of Regent. I shall perform with the same enthusiasm have demonstrated as Sheriff. I shall show this office the respect it deserves. In short, the Regent's position will be fully filled throughout this reign.

I have all ready taken it upon myself to edit and maintain the shire's electronic herald, our web page. To fully edit graphics, styles, and pictures must first verse myself in the lore of the net. Please be patient while I learn these skills. Any advice will be appreciated, as well as the use of a computer more competent than my own.

I will be available more oft than before to aid anyone in the areas of arts and science. I can offer advice on many construction techniques for weapons

and armor. Many of you require garb; I am willing to teach, as well as barter off my services. Availability of materials can be a problem, so my next note as Regent will include many locations of merchant sites.

Over the next month or two we will be looking for ideas on the next shire relic. Anyone with ideas on the type of relic and what abilities it contains should see the Sheriff and Champion. Those who wish to design and construct the relic should see myself.

Forever in the dream,  
Regent Page Lightlord Lyceon de Wolfe Hunter, Wolfie

Tel Janin Grymm, Lyceaon de Wolfe Hunter, and Larken each paid their dues today of \$9.00. \$46.80 + \$27.00 = \$73.80. We had an Althing today to change the alternate classes. The Pirate and the Necromancer were dropped, The pirate due to lack of practicality in the desert and the Necromancer due to lack of interest and its difficulty to play by a beginner. In its place, a new class called Javelinier was added to accommodate the fact the bows are scarce and often illegal in Australia. This voting went unopposed.

<b>Shire Closed Due To A Plague Of Mosquitoes.</b> The mosquitoes were so bad in Woomera that the town council approved widespread spraying of an outdoor pesticide following this week. Here in Woomera, mosquitoes occasionally carry a sickness called Ross River Virus. It can take up to a year to fully recuperate. It is best to avoid the mosquitoes. Wolfie and Larken went out anyway. But they were the only 2, and they were too busy killing mosquitoes off of one another to have a battlegame.

**Treasury Report     \$46.80** The

cover the expenses of half an ink cartri Shire's previous balance was **\$45.65**. \$12.00 was removed to 45.65-12 = 33.65. Random Snake Eyes, Drake Of RavenCrest and Mike McGlamery have paid their taxes of \$9.00 each. 33.65 + 27.00 = 60.65. The feast was \$5.00 a piece for non dues paid members. Liz & ix were unaware of the fee and Acriana contributed food. 5 x \$5.00 = \$25.00. \$60.65 + \$25.00 = \$85.65. \$100 in personal monies were spent for the feast. \$40 was reimbursed. ~~\$85.65~~ - \$40 = \$45.65 Upon counting of the treasury at the change of the gaurd, there was \$46.80  
If anyone has any objections to these expenses, please feel free to discuss it with any of the Shire officers.
