

BARONY OF TORI MAR WEEKLY MEETINGS

Battlegames Sundays 1:00 P.M. Pease Park
large clearing at the north end (south of 24th Street)

(If the park is still empty at 3:00 P.M on Sunday, everyone may have gone to the picnic area at the south end of the park, to a Kingdom event, or to "raid" another park. There should be a note on one of the trees with directions. If not and you really want to "play," go down to the Barony of Tirana at Kendra Page Park in south Austin:

Take MLK to I-35. Get off at the Wm. Cannon exit. Go left on Wm. Cannon, over the highway. Turn right at the light at the back of the H.E.B. onto Bluff Springs. Go down about 1/4 mile and turn left onto Blue Meadow. The park is about 1/4 mile down on the right. They usually start after 3:00 P.M.)

Fighter Practice Wednesdays 8:00 P.M. Shipe Park
How to get there: 45th Street, between Guadalupe and Duval

Arts & Sciences Wednesdays 6:00 P.M. Austin Parke Apt

In case you haven't noticed, there are a **WHOLE LOT** of new and returning members. I would say that our "old-timers" are now outnumbered by the newcomers. However, I have heard from some of these newcomers that they feel like they are not wanted and are ignored or excluded both on the field and off. I understand that we all feel more comfortable with our "old" friends, but these newcomers will be our "old" friends in a short time if we make them feel welcome now!

Please make an extra effort to help our newcomers by visiting with them, sparring with them, or picking them for your team. It really doesn't take much effort to encourage a "newby" and it takes very little to drive them away.

Loaner equipment

The Barony has a good deal of loaner equipment, but it still goes fast on days with a large turn-out. If you have anything which can be used to make weapons, spell balls or garb, which you don't need or can spare, it would be greatly appreciated.

We can make spell balls from odd socks or 12" square fabric scraps in spell ball colors. Especially needed are yellow, red, gray, and brown. Long 10" wide strips of fabric can be used to make sword covers. 12" long strips of yellow, white, red, or blue fabric can be used for enchantment strips.

Of course, foam and PVC are always needed to build weapons.

Other things to do:

NERO: There's now a NERO group in Austin. For more information contact Wynde (Vanda Bushfield).

Role-playing games: Several members of Tori Mar run various role-playing games, such as MERP, AD&D, Gurps, In Nomine, Magic: The Gathering, etc. If you would like to join a group or to add new members to your group, check around at the park or contact the Seneschal for names of known GM's.
