P.S. Teg... your 16...

Attention My Friends,

Recently I have heard horrible news about my homeland, Irongate. Being the first two of the founding five members of the Barony, and friend to much of your populace, I regret what I must say. For the first time in my life, I am ashamed to call my homeland Irongate. I am regretting how hard I worked with my comrades to keep the Barony together. I have heard of the "white trash" comments, but turned my back on them. I have heard of the questionable politics that filter through your populace, and have made myself blind to them. Your voices, which we once strove so hard to obtain are being silenced by your neglect to send your records. You have insulted not only personal friends, but also questioned many of the most respected Knights of the Realm. And yet, I still have tried to hold my head high and say, "I am from Irongate."

Now a sad cloud has fallen over me. The virtues which I have modeled my persona after have been crushed. The virtues of Comradeship, Fidelity, Patriotism have all been destroyed by my home. That I cannot stand by and watch. Although my heart will always be open to you, and you will always be welcome at my home, I cannot condone your actions. As of this day, I have no Homeland. I am truly cursed.

Baron Lord Vasa Calehmetar Wolfrider, Esquire
Lord of the Forsaken Ones
Brother to the Scarlet Rogues
Past Prime Minister and Consort to
the Barony of Irongate.

Fare thee well.

QUESTIONABLE QUOTES

Dustin to Euric: No, I fingered Guy.

Lyra to Euric, who is bent over Guy: He's real thick.

Lyra to Jeddak, who is straddling Guy: I can give it to ya!
Does it hurt?

Guy: Yes. It's over my bone.

Euric to Lyra: You took me twice at qualifications!

Euric: I'll cover Nakita and half of Dustin

Calanthe: I'll cover the other half.

D.T. staff: Dude!!

Euric to Dustin: If you want a piece you can have a piece.
You're not asleep are you Dustin?

Lyra: Screw that!

Jeddak: It's too tight.

Lyra: You're half way there. You're cutting off the circulation.
You could loosen it up a little.

Savat to Seratine: I needed to beat him off.

Adinirahc: The bad thing is I poked him back.

Anisha: It was a great night. My sides hurt the next morning.

Sehran: Don't do it that way, it makes my lips hurt.

Dalle: The only problem with a dead person is they don't
beat you back.

D.T. Staff: Terzana did!

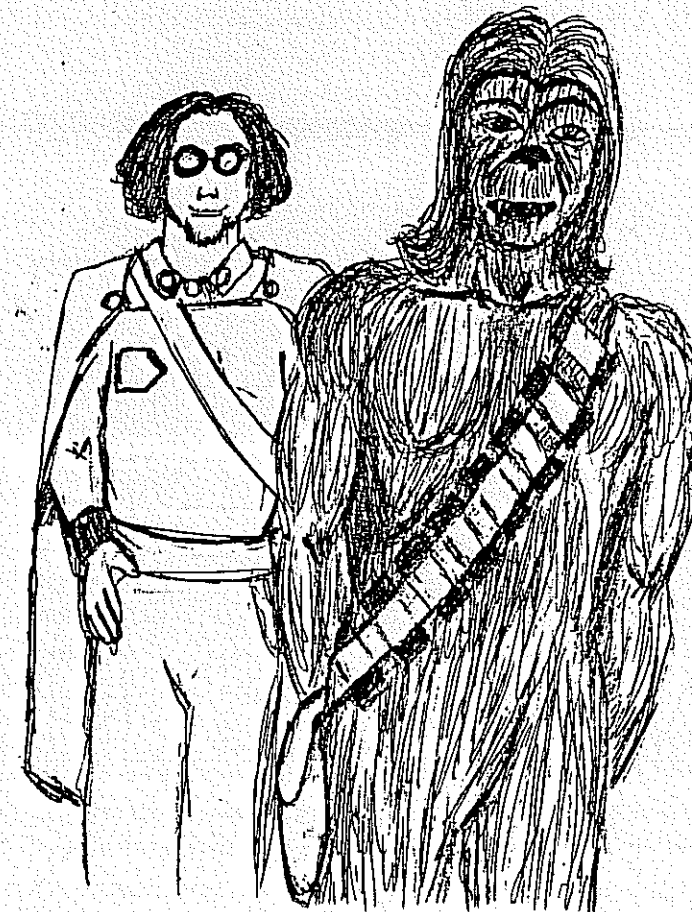

They were in the wrong place at the wrong time. Naturally they became heroes.

Leia Organa of Alderaan, Senator

They were never given a fair chance. They had no choice but to win.

Karyllon Illyrica Radnor, Dane Senator
from The Battle of the Deathbrow

Calanthe, whose teeth have you got?

1515

The decayed state of a certain person's mentality has shown that patriotism to one's kingdom means nothing in place of one's own blind arrogance and desire to be a knight. A man who puts himself above his own kingdom, even being king, does not even deserve to be a slave of a slave. A man who puts himself above his friends and uses them to the best of their abilities is not a person that deserves friendship or kindness. A man who accuses Amtgard officials of cheating and backstabbing to get his own way, all the while crying and throwing a fit on the ground just like a child crying over a bad grade in school; should stand up, wipe the shit off his nose, and take it like the man he claims to be. I WILL NEVER DEFEND SUCH A MAN.

Once to Ivar and Dalarere, across time and space, to the ears of Zol and on to the world...

Lay it all on my shoulders, because I can bear the burden of the entire kingdom.

Sir Flynn,

What did it mean to you to be knighted? What do the belt
and chain represent to you? What does it mean to be a
Paladin? What do you stand for when you wear the white
Phoenix? Do you stand for what it truly symbolizes?
Or has the weight of integrity clipped your wings?
Flynn, what's happened? What are you trying to do?

Ooooooh! That's such a Bite Me!!!

i have found an organization
i do not believe i will ever
leave. i have found numerous
friends throughout the u.s.
and people willing to help
each other as much as possible.
antgard to me is much more
than a middle ages society.
it is a group of friends that
have a wonderful way of
staying together.
i am truly troubled to see
that some are willing to
destroy this wonderful thing,
for whatever reasons (they
are all different) some to
see if it can be done, some
to get personal gain. others
just follow these few blindly,
or just follow for their own
reasons.
even new people can see a
king trying to turn certain
baronies against the kingdom
by lies and deceit. we are
not blind. we can see obvious
attempts at power.

we have seen people come out
every once in a while, sit in
their cars, and ignore the
kingdom all the way up until
someone arrives that they want
to impress. the only person
i have to impress is myself.
i care not what other people
think. i have to live with
myself. i have to be able to
sleep at night with my own
conscience. i cannot see how
our king can sleep at night
having played so many head
games, pitting so many people
against each other, that no
one can be sure where he stands
or how he stands. we all know
what you are doing to us.
not all of us are blind. we
shall survive to the end of
your days in antgard. we will
live to see the day, the
new dawn.

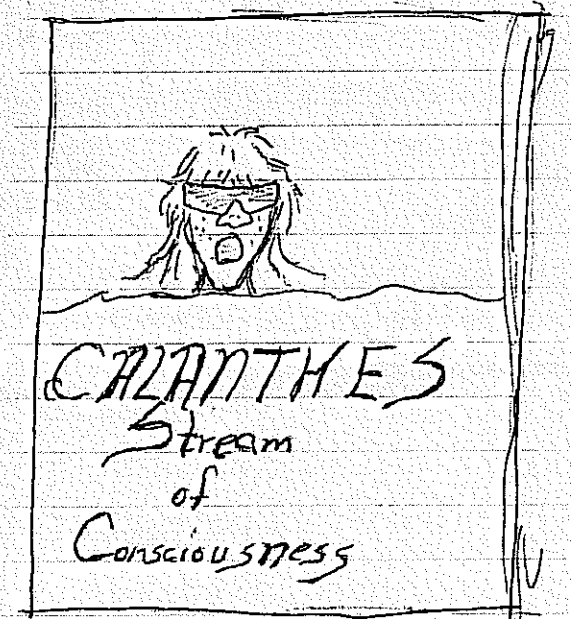

THE SUN SHALL RISE AGAIN
