CK Princess Consort Jamethial- As the editor, I find it rather chauvinistic of you to prohibit the populace from selecting women as champions. You forbid a woman from being a man's champion while in the same breath chose a woman for your personal champion. Join the SCA if you wish to carry ambience and roleplay to such an extreme. While there is a place for these ideals within Amtgard; there is a greater need for equality among fighters.

Hey, Rook! Is that a vienna sausage in your pants or did you just convince another woman not to fight?

## THE ART OF THE CLOVED ORANGE

A Cloved Orange (CO) is a common flirting tool often seen at feasts or events. It does not need to be an orange, it could be any type of fruit or vegetable (there have been cases of Cloved Watermelons, Cloved Cauliflower, and Cloved Grapes). The CO is a request, by the person giving the orange, for a kiss, from the person receiving the orange. The way it works is a person will approach another with the CO and offer it to them. The receiver has five options:

1. Refuse the CO. This means go away. It is a nice way of saying this.
2. Accept the CO and either drop it on the ground or roll it back to the person and walk away. This also means Go Away, Big Time! It has connotations of "drop dead," "I would rather kiss a Wookiee," or "in your dreams, in my nightmares." This is an insult. Make no mistake in its meaning.
3. Accept the CO, take a clove out with your hand, and return the clove to the giver. This means I find you interesting and would like to talk with you. It is a polite way of accepting the compliment without having to return a kiss.
4. Accept the CO, take a clove out with your hand, and kiss the hand or cheek of the giver. This is a sign of interest, but it is an interest that cannot be returned. You may be married, engaged, have a jealous lover, find the giver fascinating but have no desire to kiss their lips, or just like them a lot but not in "that way." This is usually done among close friends.
5. Accept the CO, take the clove out with your mouth, and return the clove to the giver with a kiss. This is the usual way that a clove is returned. The length of time it takes for you to decide to transfer the clove from your mouth to that of your companion is a good indication of the desire that is present. Of course, they do have the option of cutting the kiss short.

Once the transfer of the clove is completed, the CO is now the receiver's to give away. Thus, the flirting is perpetuated.

Something to be aware of: an orange that has been passed frequently and has only one clove left is an offer of sex. Think carefully of accepting this orange. Also, REMEMBER, a kiss is just a kiss, it is part of the role-playing. Don't take it for anything else unless the other person CLEARLY indicates that it is more. A strong sign of affection is that once the CO is accepted and the kiss completed, the person give it right back for a second kiss. If it is accepted for a second kiss, it is a strong sign that there MIGHT be more. No promises. Amtgard is about fun and role-playing. The feast is about playing persona. Lovers might be carefree at a feast and kiss lots of other people. But, it is not the real world, don't get confused.

## QUOTES

Gossip is only as good as the people gossiping.

There is no explanation for evil. It must be looked upon as an essential part of the universe. To ignore it is childish; to bewail it is senseless.- Maugham

Evil is its own justification. It therefore renders meaningless such questions as power, pleasure, and profit.- Conrad Bland

If you kill one man, you are an assassin. If you kill millions, you are a conqueror. If you kill everyone, you are a god.- Conrad Bland

The triumph of evil is as inevitable as the changing of the seasons.-Conrad Bland

### Deep Thoughts (by Jack Handey)

It takes a big man to cry, but it takes a even bigger man to laugh at that man.

Most people don't realize that large pieces of coral, which have been painted brown and attached to the skull by common wood screws, can make a child look like a deer.

Anytime I see something screech across a room and latch onto someone's neck, and the guy screams and tries to get it off, I have to laugh, because what is that thing?

When I was a kid, my favorite relative was Uncle Caveman. After school we'd all go play in his cave, and every once in a while he would eat one of us. it wasn't until later that I found out that Uncle Caveman was a bear.

I think people tend to forget that trees are living creatures. They're sort of like dogs; huge, quiet, motionless dogs, with bark instead of fur.

I bet it was pretty hard to pick up girls if you had the Black Death.

Today I accidentally stepped on a snail on the sidewalk in front of our house. And I thought, I too am like that snail. I build a defensive wall around myself, a "shell" if you will. But, my shell isn't made out of a hard protective substance. Mine is made out of tinfoil and paper bags.

It's not good to let any kid near a container that has a skull and crossbones on it, because there might be a skeleton costume inside and the kid could put it on and really scare you.

It's sad that a family can be torn apart by something as simple as a pack of wild dogs.

Whether they ever find life there or not, I think Jupiter should be considered an enemy planet.

Any man, in the right situation, is capable of murder. But not every man is capable of being a good camper. So, murder and camping are not as similar as you might think.

## MORPHIA

This little tidbit concerns the one known as Morphia. Yes, this is the person whose mouth has often been mistaken for an asshole because of all the crap coming out of it. Let's just say that Morphia put on a lovely show of ignorance at the Spring War II. She is the perfect example of how utterly stupid a person can be when they go through life assuming everything.

For instance, let us talk about Brenna. Morphia accused Emerald Hills' knights of "blackballing" Brenna by refusing to knight her. Well, for Morphia's information, Sir Guy was the one who decided not to knight Brenna, based on the opinion of ONE, that is ONE Emerald Hills knight. Now this ONE knight's opinion was only that the subject of Brenna's knighthood should not be brought up at an InterKingdom event, but should be brought before the Emerald Hills' court. Midnight Sun refuses to be sponsored by the Emerald Hills, but the Emerald Hills is simply the closest kingdom to Midnight Sun (under 25 miles).

Again, the knights of the Emerald Hills "blackballed" no one, but thanks to Morphia's whiny-ass big mouth and ignorance more damage was done. Sir Cearen gave up his knighthood because he didn't want to be a part of the "blackballing." The fact is again that the "blackballing" never occurred. Hopefully, after reading this and having a conversation with Sir Guy, Sir Cearen will reconsider his decision. Sir Cearen could do a lot for Midnight Sun. Morphia claimed injustice in Amtgard. The only injustice was her misinformed and assuming mouth being allowed to open.

More crap coming out of Morphia's mouth is that the Emerald Hills makes yearly profits in excess of \$5,000. FIVE THOUSAND DOLLARS PER YEAR!?!?!? Where the hell did she come up with that figure!? I'm sure that the Emerald Hills wishes that was true. Damn, if it is true, then why the hell have several past Emerald Hills events been personally financed by Sir Nevron, Semaj, and others? Morphia again proves that her breath smells like bullsh\*t.

We at the tabloid, and others, are made seriously ill by Morphia's ignorance and assumptions. We wish she would shut the hell up! Why is Morphia so damn hostile and stupid? Is it constantly that time of the month for her? Will someone please give her some penis! Maybe, that will calm the bitch down. Who knows?

We, in the world of Amtgard, owe nothing to Morphia except maybe a muzzle. Please, Morphia, spare us the dramatic drivel, shut up, unless you know what you're talking about, and learn your place.

**NO SEX, PLEASE! WE'RE BRITISH.**

Hey! If you want to hear something scandalous, boy, have I got a story for you. I recently attended CK's coronation. Now, as a newcomer to the Amtgard way, I'm not extremely knowledgeable about the opinions and views on certain issues, but what I observed surely must be looked down upon by others as well as myself. I observed certain females passing themselves around to any man that was interested. This was not what I expected to see. Granted, it is their lives and their choice; but choice and lifestyle go out the window in the presence of children. I also observed underage drinking, to the point of the individual becoming extremely intoxicated. I also learned that the women who were passing themselves around were also underage. I first thought "It's none of my business, who am I to tell them how to live especially when their parents didn't." I had this attitude until something truly damning took place. After observing the ditch battles, I decided to return to camp and rest. I sat down, got a drink, and observed the children playing in the camp. I began to hear moaning and sighing, something along the lines of noises that occur when sex is taking place. Apparently, the children heard as well because they began making their own assumptions as to the reason and the source of the noise. Realizing these children weren't even old enough to know what sex was. I was outraged at these people for giving them a crash course. I immediately turned on some music loud enough to drown out the noise. Shortly thereafter, I saw one of the underage women and a man emerge from the tent. At that moment, I was more than outraged, I was furious. I'm not extremely conservative, nor am I naive, I just believe that if young women are going to behave like this, they do not need to do it in public or in the presence of children. If they cannot respect themselves enough to be discreet and not appear as sluts, then I believe that they deserve no one's respect and should be watched and not trusted. I know there is no way to prevent these people from doing these things altogether. However, there has to be a way to prevent them from showing it in the public's eye. These events are public gatherings and intimate things such as sex and sexual contact should not be tolerated especially in the presence of children. This gives them the idea that acting like a tramp is O.K. and accepted and decency is just a myth.

Thank you for your time,  
Truly Angry,  
Starshine Karafine

### SHAKESPEARE'S INSULTS

In an attempt to encourage more creative battlefield and court insults, the Tabloid staff offers you the following:

"I do desire that we may be better strangers." ("As You Like It")

"His brain is as dry as the remainder biscuit after a voyage." ("As You Like It")

"The tartness of his face sours ripe grapes." ("Coriolanus")

"Thou drone, thou snail, thou slug, thou sot." ("The Comedy of Errors")

"Let the candied tongue lick absurd pomp." ("Hamlet")

"Art thou, like the adder, waxen deaf?" ("Henry IV")

"The gold I give thee will I melt & pour down thy ill-uttering throat." ("Anthony & Cleopatra")

"Thy mother felt more than a mother's pain...And yet brought forth less than a mother's hope."  
("Henry VI")

"He's a tried and valiant soldier. So is my horse." ("Julius Caesar")

### POINTS TO PONDER

\*Warchyld's resemblance to a Small Garden Gnome...Which old lady's yard did you steal out of...?

\*Sir Ivar's Slouchiness...For Goodness' Sake, Man, Get out of your pajamas!

\*Sir Thorin...Since when do knights follow in the footsteps of their squires? (i.e. his growing resemblance to a Large Garden Gnome).

\*Here's something to ponder...Why are Sir Pebyr and Vera having so much trouble getting people to carpool to events with them? Could it be that the general populace is tired of being taken advantage of? Who knows? Maybe you, the populace, have an idea. That is, if you even care.

\*A Quick Question for the Celestial Kingdom...Why did the silly people of the Celestial Kingdom go to fight in a war with Dragonspine when past wars with Emerald Hills have proven time and again that the CK can't even fight their way to a stalemate?
