This publication lists all titles and lasting positions down through guildmaster. Format under name of persona is: title, manner awarded, and date received. Precedence determined in order of: highest title, next highest title, largest number of titles of equal value, and date first awarded. In the cases of fighting masterhood, greater and lesser orders, and guildmasters, the date listed is the first time the award was received. Standard Amtgard "orders" are not titles, and are beyond the scope of this publication. Information for this listing was gleaned from the member information sheets (MIS), and the Amtgard Book volume one. Any possible omissions are due to printing lag time and were not deliberate; We will get it right. Amtgard marches on.

Scribe
