## MONARCH

Lady Dame Ween Bloodblade

*Seriously, have you seen her? She didn't submit anything to be printed in the Star, so she must be missing! We've been quite worried about her safety, so if you see her, please let us know.*

## REGENT

ADC Dame Mistress Wynd o'OnyxLoch

Greetings My Fellow Celestials!

Well, this 30th Reign of ours is now half over and not all has gone as originally planned. Yes, we've had some cancellations and rescheduling but such is life. It is my hope that what is currently on the schedule will come to pass and those visits not yet scheduled will go on as we project them.

The following is a reminder of what is currently scheduled: the CK Crown will attend the Emerald Hills' MidReign the weekend of September 16 - 18, Emerald Hills' Banner Wars in TangleWood Forest, October 6 - 9, Celestial Kingdom Crown Qualification Tourney in Bifost, October 29, & Celestial Kingdom Coronation XXXI (EndReign), November 11 - 13. At this time, it is not set in stone that there will be a Viking Quest sometime the weekend of September 30 - October 2 but look & listen for more information on this proposed event.

As far as Kingdom level A & S events go, our DragonMaster was postponed due to the possibility of bad weather being shot out by Griffins' Keep by Hurricane Emily and, alas, she ended up behaving but we decided to move DragonMaster until this MidReign event just in case. Placings, winners, etc., will be announced later this evening at Court.

Now as far as provincial level A & S events go, I have only been invited to one park A & S event and ironically that was down at Griffins' Keep and I was mightily impressed with the artisans there. Though the tourney was small in number turn out-wise, it was large in talent.

Please let both the Monarch and me know of your park's upcoming events so we may schedule our visits accordingly, remember I'm especially interested in any and all A & S events.

As always, if you have any questions, suggestions, or concerns please, please pass them my way as I can only do my job with input from you.

Speaking of suggestions, if there is one out there that is deserving of an A&S award (especially, Garber, Owl, Dragon, Rose, etc.) feel free to bring it to my attention.

In Service,  
HRH ADC Dame Mistress Wynd o'OnyxLoch  
Regent, Celestial Kingdom

**CHAMPION**  
Squire Styx

Well, I can honestly say that this has been a very enjoyable reign so far. Sure, we've had some hiccups like Weaponmaster and Midreign having to be moved but nothing tragic really. Although I know we all appreciate the work that Griffon's Keep did to try and make Weaponmaster more than just a tourney. I applaud their efforts and hope that the other groups take that example and go with it. This game can be so much more than just going out, fighting and going home.

Visiting all of your parks has been a great time. And I thank everyone at all the parks for treating me as well as you have. I asked in my last star entry to please make it easy on me and make sure your weapons are legal and so far you have all done just that. I know I've missed the San Antonio parks but I was there for the Kingdom Quest and wanted to wait a bit before heading back there. Don't worry though. We haven't forgotten about you.

Speaking of kingdom quest I'd also like to thank Weasel and Annihalus for a great quest. Weasel accomplished what so many have failed to do. He made a fun and challenging quest. When I spoke of making better battle games this is what I was talking about. There was a great mixture of fighting and non fighting challenges that created an enjoyable event for everyone overall. It was easily the best quest I've been to in a long while despite the fact that I didn't get to fight much. But who doesn't enjoy playing an un-killable dragon with Scarecrow and Rook, right?

I've also had a great time with those from the CK who have traveled to events with me. Clan was a great time and I was proud to be a part of our kingdom. Annihalus had a great showing and won many of the battle games and on the ditch field I saw little to no cheating from anyone. When I asked "Whatever happened to fun?" this is what I was talking about. I enjoyed hanging out and fighting everyone from our kingdom and I heard the same from people everywhere. Win or lose we were all there to enjoy ourselves and I think this was the best event I've been to in years.

It's a little strange to write this because it's about two weeks before Midreign and that will be the true test of how far this kingdom has come. I've tried to do my part to make sure that we keep everyone happy when it comes to the fighting aspect of our game.

Having done that, I feel that I could accomplish this on a larger scale. Having said all of the above I am officially announcing at this event that I am running for King of the CK. I'm not going to promise to make events better, fix the corpora or anything of the like. While these are things I will do I could do them without being King. What I will promise is to continue as I have on a larger scale. No matter whom you are; what company you belong to or how you play the game I will work with and for you to make this game better for everyone. I will be promoting more awards being given at a local level to keep people more inspired and engaged in the game. I'm already talking to Ween about this but I will also be promoting fundraising in local parks and events to repair our budget and work towards buying our own land so that we can profit more off of our events. I'm announcing this now so that you can all ask me any questions at Midreign and when I visit your parks again. I'll be happy to work with anyone.

### PRIME MINISTER

Squire Randalf Falconbridge

I have a number of items that I would like to discuss:

1. ORK. All of the parks with the exception of Bifost have ORK access at this point. I believe that this is a major step forward, as centralized record keeping is definitely preferable to a mismatch of databases and hidden caches of file folders. Some of you might recall that I had announced an audit at mid-reign. Unfortunately, fully implementing ORK took longer than I initially anticipated, so we did not have time to begin the audit. I am therefore forced to leave that project to who ever succeeds me.

2. The Star. This has to be one of the leanest Stars I can remember. I cannot stress enough the importance of submitting content. Without actual submissions, we will not have very much beyond letters from our officers and the BoD minutes going to print. So, if you write anything Amtgard related like poetry or prose for qualifications please, please, please send it in. I would be more than happy to include it. Drawings are good too by the way. Feel free to send those in as well.

3. Copies of the 7th Ed Rulebook. At the request of the monarch, I have not printed out any copies of the 7th edition rules. The circle of Monarchs had a meeting at the Gathering of the Clans to vote on a number of clarifications. It seemed pretty pointless to spend money printing out less than complete copies of the rules.

4. Speaking of money, part 1 - Last Althing we voted to set aside \$600 for printing new copies of the rulebook. The very next day, when the BoD met to discuss finances it became apparent that our kingdom is less than flush with cash. We have a little over \$3000 in the bank. The \$600 we had set aside will have to come out of that money leaving us a about \$2400 or so to front Spring War. As an aside I intend to bring this expenditure up at the Althing, given this revelation I would very much like to see this proposal voted on again before spending any money.

5. Speaking of money, part 2 - Gate Crashing. I am going to bring this up here, because I know that many of you will not read through the BoD minutes. Gate Crashing has become a serious problem of late. A number of people have either slipped by, or even worse stopped to accost the Gate crew. This isn't going to be tolerated any longer. Crashing gate is outright theft of services. Our kingdom doesn't charge gate to cover feast, we charge gate to cover the cost of the site. Arguing that you won't be eating feast, does not in any way, shape or form negate

the fact you will be making use of the site. So, please pay your gate fees, your kingdom could use the money, the people running gate don't need the abuse and the BoD doesn't need the business. Clear enough?

6. Other official business. In addition to holding the office of Prime Minister, I am also this reign's Guild Master of Scouts and it is that capacity that I would like to make an the following announcement. I would like to recognize Shaggy, for his excellent portrayal of our class. Shaggy has been playing Scout for as long as I can recall knowing him. Good Job, Shaggy. Ween, consider this acknowledgement my recommendation for his masterhood.

7. So long and thanks for all the Fish. I would like to thank everyone who has worked with me this reign. It has not been an easy process to transition to ORK. In particular I would like to thank the following individuals for being early adopters and real troopers in bringing their parks up to speed, Bromhir, Katiana, Son of Midnight, and Wynde. Most of all I would like to thank my wife, Selene for helping me edit these Stars, maintaining our Kingdom's website and generally putting up with me. She has been a great help. I could not have done it with out her.

Yours in service,

Randalf Falconbridge  
Guildmaster of Scouts  
Prime Minister of the Celestial Kingdom

## Regarding CK-Amtgard List Moderation

For the past six or so months, I have been moderating the list mostly to prevent traffic other than announcements from being posted. A number of complaints and concerns have been brought to my attention during that time. The most relevant include concerns that it takes too long for a message to be approved, and that since everyone doesn't have access to the forums denying discussion based messages is unfair.

Both concerns have merits. It is true that it sometimes takes a long time for me to review messages. Most of our moderators are less than active these days, and with my lack of internet access at work it can sometimes take me several days to review a given post. Simply promoting more people to the post of moderator isn't exactly a good solution either as there isn't always a clear consensus as to what makes an appropriate post.

As to fairness, it is common knowledge that the email lists are more widely viewed than the forums. Not everyone has access either due to ban, or technological difficulties with their system. Also since the forums are not moderated at all, there seems little point in my mind to moderate the list. Anyone with an account on the forums can say what ever they like, however inflammatory or malign. It seems to me that continuing to moderate one and not the other doesn't seem especially fair.

So as of today, I am pulling moderation from the CK email list. I believe that we should collectively talk about what sort of standards if any we want upheld on our Kingdom's internet forums at the next Althing. If there is to be moderation, then let it apply to all of our resources and let the measure pass a formal vote.

## Celestial Kingdom Board of Directors Meeting, May 15th, 2005

### Members present:

Mistic Brown, President  
Shawn Cavitt, Member (Prime Minister)  
Doug Bedingfield, Member (Monarch)  
Julie Graham, Secretary  
Michelle Lurker, Member  
Kristin Seigrist, Treasurer  
Brad Woodruff, Member

### Guests present:

Ryan Christian

The May 15th 2005 meeting of the Celestial Kingdom Board of Directors was held at Camp Ben McCoulough, at 11:25 am. The president Mistic Brown called the meeting order and role was taken. All seven members of the board of directors were present and a quorum was established. The floor was opened for old business.

The floor was opened for old business.

Item 1 Central Texas Kingdom (CTK) Insurance policy. Our insurance provider needs each province to have valid contracts on file with the Burning Lands Board of Directors. At present only four of the CK provinces have contracts on file. Theo may have copies of the original contracts but newly formed provinces will need to file as soon as possible.

Item 2 Notary Certification for Mistic Brown. Mistic Brown proposed that the CK pay for her Notary certification so that she can notarize documents for the CK in general and for the three member kingdoms of the CTK in particular for the next four years. Motion was seconded by Brad Woodruff and passed 7 – 0.

Item 3 Spring War Finances. Michelle Lurker presented the Board of Directors with the 05' Spring War finance summary. The kingdom lost money on the event (see separate financial statement). The most significant reason for the loss was the lack of a written contract on the site which meant that we had to re-negotiate rates with the owner and manager after the fact. We also lost money on t-shirts having spent \$986 in production while selling only \$227 worth of shirts. Other significant losses which could have been avoided included the rental of a wood splitter, and an extra golf cart rental that ended up being used by an individual.

Item 4: Regarding Wendell Johnston: He has satisfied the terms of their community service commitment and are released by the BoD. Also Wendell has paid in full the debt he owed from the “slave auction” fundraiser.

Item 4 Coronation Finances. Kristin Seigrist presented the coronation finance report. The Kingdom’s initial output towards the event was \$650. We took \$1140 in gate, however we had a total of \$600 in tent fees which amounted to a net loss of \$XXX.XX. There seemed to be some disagreement between Camp Ben McColough officials and our autocrat on how many tents were onsite, and how many of our members slept in their cars. Note, if park officials even believe you are sleeping in your car they will charge the Kingdom the full amount as though you had camped.

Item 5 William Winnie’s (Kaderian) Charge of Libel against Ben Pomerantz (Clalibus). William Winnie submitted a formal complaint before the BoD regarding several posts made by Ben Pomerantz on the CK’s email list. The BoD voted unanimously 7-0 to hear the complaint in a formal hearing to occur sometime in early June.

#### New Business:

Item 1 Installation of New Members. Michelle Lurker, Mistie Brown, Doug Beddingfeild, and Ryan Christian stepped up as members of the BoD.

Item 2 Dismissal of Old Members. Kristin Siegrest was thanked for her service and dismissed, Michelle Lurker was also thanked and dismissed from her original term. However as monarch she continues to hold a seat on the Board.

Item 3 Election of Officers. Ryan Christian was elected Treasurer (Ryan received 4 votes, Brad 1, and Mistie 2) Mistie Brown was elected President (Mistie received 5 votes, and Doug 2). Michelle Lurker was elected Member’s Officer (She received 5 votes to Doug’s 2).

Item 4 Gate Runners. There has been an ongoing issue with people continually running gate either by simply driving through or else bullying their way past the gate crew. This will no longer be tolerated. The BoD voted 7-0 to take action against this sort of behavior in the future. Running gate is theft of services, and will be treated as such by the BoD. Only a very small portion of our gate fees are for feast or other luxuries, the vast majority of that fee covers paying for the site. Since everyone present makes use of the site, there is no room for negotiation as to what the cost is to participate.

Item 5 Kingdom Fundraisers. Kristin Siegrist requested and was granted permission to hold fundraisers in the Kingdom’s name for the next six months. The measure passed 6-1.

Respectfully submitted,

Shawn Cavitt,  
Secretary, Board of Directors of the Celestial Kingdom

Sir Beloch Dragonsbane MacMartin,  
Knight of the Serpent  
Rest in Peace

I would like to ask that a moment of respect be given as word was received that a long time member and dedicated Serpent Knight of Amtgard passed away yesterday. He has been very active over the years, and supportive to many people joining in the game, assisting those who have been in the game motivating them to excel to their highest potential. He is leaving behind a family of great friends, a daughter who has also been a part of our park, and lovely lady and her children who have become part of our park’s family. If you would please, keep in your prayers Sir Beloch Dragonsbane MacMartin’s family.

Thank you.

Katiana

- g. “Vistiors” report allows the chancellor to see how many players from another province attended the park in a given time frame. As with attendance, this is accomplished by a series of drop down menus encompassing a start and end date.
- h. “Voting Eligibility”. As I mentioned early there is a field under “player information” to record how long a given player is dues paid. This report filters that information and allows the local officers to see who is eligible to vote. This is also accomplished by sorting start and end dates via drop down menu.
- i. “Contact list” With **ORK** there isn’t a need for any more Amtgard Directories. The contact list report will generate a complete list of persona names, mundane names, phone numbers, email addresses and dates of birth for each active member.
- j. “Sign in sheet”, generates a list of all the active native members of the province, as well as a list of their classes and the number of credits they have acquired in each. All they need do is write this weeks class in the open space to the left of their name. Visitors have their own blank spaces to record their presence.
- k. Printed copies of any of these reports are readily generated by clicking on the “printable version” button at the top of the list of players.

15. Herald Controls (Or save your devices on line.)

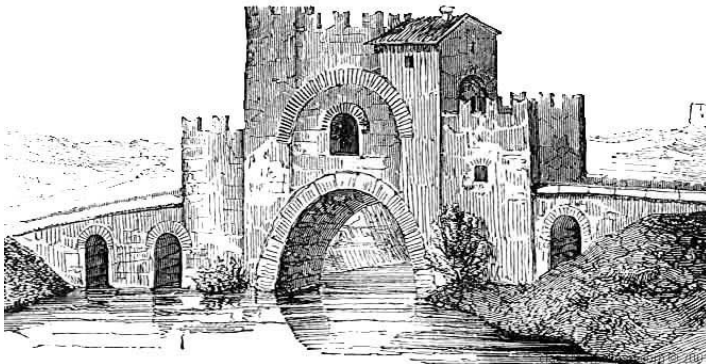

- a. Simply click on the “player heraldry” link on the left hand side of the screen.

- b. Choose the active player whose heraldry you would like to record.
- c. Copy and paste either the heraldry URL or the photo URL into the space provided.
- d. Suggest size is 150 pixels by 150 pixels.
- e. Click on the “update heraldry for player” button.

16. Logging out is accomplished by clicking on the “log out” button on the very bottom of the list on the left hand side of the page.

17. **ORK** Etiquette (Or more information is better than just today’s date.)

- a. If you don’t remember the name of the officer who gave you that award seven years ago, at least put the office they held. For Example: Lion #1 Given by the Duchy of Traitor’s Gate. Or Knight of the Crown, given by the Burning Lands.
- b. If you know the person’s name, please include their title at the time they gave you the award. I generally use the abbreviation HRH for his or her royal highness if the monarch gave the award. For example HRH Hulka, HRH Ween.
- c. If you don’t remember the exact date then guess which reign it fell under either Spring / Summer (May to October) or Fall / Winter (November to April).
- d. It is expected that newer awards will have more accurate information as to who gave an award and when it was given. For example, a player may not remember who gave him his first three owls, but when they are awarded their fourth all of the information needs to be recorded in **ORK**.
- e. Going to the **ORK** standard doesn’t absolve individual members from keeping paper records. Please keep your awards in case there is ever a question.
- f. Please don’t uncheck the box labeled, allow Kingdom PM access. For obvious reasons I need access to the provinces to do my job.
- g. Please don’t change your assigned password; I might need to give it to your successor.
