Financial Report/PM Elections

Unto the Populace,

The first Star of my reign had a very brief and incomplete financial summary of several events. This was NOT the fault of the Prime Minister. Kaderian presented me with a number of documents that were much more complete. They included expenditures and income by event, for issues of the Star, for capital owned by kingdom, and money both in the bank and on hand. I made the decision to put only the information I deemed as most relevant in the Star, because frankly, we didn't have much space left, and the Star needed to be out that weekend.

By Midreign, Kaderian will have bound publications that detail ALL of the financial information for his tenure as prime minister. They will not be published for the populace, as they will be several pages long, but they will be made available to anyone that wants to peruse them. All kingdom officers will have a copy, as well as members of the Board of Directors. If the treasury allows, copies may be made available to principality and provincial leaders.

The Celestial Kingdom has also purchased liability insurance. Having said insurance will not only grant us the obvious benefit of insurance, but should also allow us access to more camping sites. Kaderian has made copies of the insurance policy, and they have in turn been given to all provincial record keepers.

On a personal note, I would like to thank Kaderian for all his hard work and his dedication to his office. He has complied with all my requests, and typically in a timely manner. His paperwork alone stands as a testament to his success.

The Spanish Crown is currently awaiting intents for the office of Prime Minister. Intents must be sent to the king directly in writing (e-mail will do). The deadline for intents is June 30. If necessary, the vote will go out to the populace in July.

Don Diego Velazquez
Rey del Reino Celestial

Midreign Moved!!!

Contrary to the dates given in the previous Star, Kingdom Midreign will be held on August 9-11. The date was changed because it will be cheaper (a differential of \$80 for renting two pavilions as opposed to three). House Ariste will still be autocrating the event, and should have a flyer available by the end of the month of June. The flyer will be reprinted in the next issue of the Star, to be made available in mid July.

Records Request

Same old request: The Celestial Kingdom needs the following information from each province of the Spanish Empire:

1. Copies of sign-ins for the last six months
2. A complete list of all dues paid members
3. Records for active members of the park (members that have signed in at least once in the last six weeks)

The records need not have levels of experience, but it **MUST** include how many of each type of award each member possesses. From today, all parks must turn this information into their respective general ministers (preferably), or the kingdom prime minister (if you must) by Saturday, August 10th, at Kingdom Midreign.

Any park that does not turn in this information will not receive any kingdom level awards for their members. An inquisition will also be held by the appropriate general minister, hounding the provincial record keepers not in compliance until the records are received.

This information is absolutely vital to insure that awards that are given by the crown are warranted and accurate. If your records are currently out of date, then you have two months to bring them up to date.

Any awards given out after this update is turned in must be communicated to the Monarch, Regent, and Prime Minister before Midreign.

Prime Minister of the Celestial Kingdom:

Sir Kaderian (kaderianck@aol.com)

Acting General Minister of the Grand Duchy:

Dame Mistress Wynd (mistrswynd@aol.com)

Gerneral Minister of Tir A Sol

Lady Fiona Rose, esq. (brandy.squire@us.army.mil)

Principality Vote

Below are the results of the principality vote by province. The overall result is as follows: the principalities will remain intact. As the original contracts with the principalities cannot be found, new contracts will be written and signed at Midreign by the appropriate principality and kingdom officers.

	Total Votes	For Principality	Against
Talonfield:	7		7
Mystic Springs:	8	5	3
Midian:	2	2	
Hillsguard:	1	1	
Bifost*:	14	14	
Tirana:	2	2	
Dragons' Haven:	20	19**	
Traitors' Gate:	23	13	10
Total (with Bifost)	77	56	20
Official Total	63	42	20

*: Bifost did not turn in a list of participating voters, therefore their votes could not be taken in the official tally

**: Dragons' Haven had one ambiguous vote that was thrown out

Tori Mar's ballots were never mailed, and counted by the local PM, and were therefore discounted.

Griffons' Keep, Drakenroc, and Western Dragon Hills all sent their ballots late and could not be credited with the official vote.

The following people were present and presided over the tally:
