OFFICIAL NEWSLETTER OF THE CELESTIAL KINGDOM

## FROM YOUR QUEEN

To My Fellow Celestials, Time has caught with me and the end of my reign is finally upon us. I have learned a great deal about Our Realm and have been pleased with all the provinces that I have visited. But what I enjoyed most was participating in all the quests and it seemed that many parks seem to be having a great time. From playing "Thing 1" at Tori-Mar, the "White Rabbit" at Talonsfield, and of course, the Queen incarnate at Drakenroc, Bifost and Traitors' Gate, and watching the personas of many others, I must say that role-play is alive and kicking in the Celestial Kingdom. Only in earnest, I must admit that Sir Theodrick Blackflame really pulled a fast one on me with all those confetti eggs. I was just thankful that they were eggs and not projectiles. Thank you Annihalus for an excellent Kingdom Quest!

I would like to also thank Sir Raderian for his work throughout my reign and particularly for midreign and many other hands that helped as well. Especially Don Diego Velazquez for his work on improving our kingdom tables. But I would be remiss not to name one of the high points of this reign, Spring War VIII, War of the Mask. With an approximation of 600 people accounted for at gate, it was one of the highest populated Spring Wars to date. Thank you Lt. Squire Colonel for putting one of the longest battles, Spring War has ever seen (over 2 and a half hours long) and also to Lady DragonLady, who put forth the effort in making the event child friendly in planning the Kids' Quest and activities given less than 12 hours notice. The masks the kids made were wonderful! I would also like to extend much gratitude to Squire Thun Dayne and Chesquire Akara of Ketnplatz for autocrating a well-planned event and to everyone who helped make this event so successful! And a special thanks you to the Rogers' Raiders of the Wetlands for the SW feast!

Our Realm has been graced with the presence of foreigners from many other kingdoms and several times over from the Wetlands and Emerald Hills. I am contented to say that these visits have been most pleasant and I have great hope that our kingdoms will continue with this neighborly discourse. Thank you, King Chewie and King MacFadden for traveling the distance to Our Realm. As for some of the latest news in regards to a few of the provinces, Griffson's Keep has renamed itself as South of Heaven, and the group in Killeen has decided to pool three groups into one. The former parks known as Dragon's Haven, Firefall and Xanadu are now in search for a new name and should be applauded for their efforts to come together in the spirit of the Game. We also have a newly named shire in Nevada, Western Dragon Hills.

Last but not least, in regards to the revised Corpora that we will be re-voting on next midreign, I encourage everyone in the Celestial Kingdom to read it and think over your decision on it carefully and seriously. Please take time at your parks to discuss the key issues and debate. The future of Our Realm rests in the hands of you, the populace.

I thank you all for allowing me the opportunity to serve you. My best wishes reside in Sir Esuom, Our Queen-Elect.

Lady Dame Aylia Greensfire Regina Caelestis Regnum

## FROM YOUR PRIME MINISTER

Greetings Celestials. I hope everyone is enjoying coronation so far. As your Prime Minister I want to do my best to keep everyone informed of everything going on in the kingdom. The first issue is the vote on the new corpora. As you probably know, we decided to void the previous vote because not enough people had a chance to read the new revision. However, everyone should now have in their hands a copy of the new corpora. I encourage you to read it thoroughly over the next three months and find out what you like and what you don't like because we will be voting on an issue by issue basis. This will enable us to point out the weak spots, get them fixed and end up with a document far superior to any in the past that will make the smoother and more fun for all. We will be voting on the corpora at Esoum's Midreign so be there, if you can not your park leaders will know how you may vote absentee.

In other news we are assembling a up to date copy of the kingdom records, so chancellors get those records (awards and credits) out to me! These records, once updated, will be viewable on-line (thanks to Bresil) for everyone to view at any time. You will also find a kingdom financial report on page three. As always write or call me if you need help with anything. Enjoy yourselves.

Sir Lord Baronet Gavin Tress'alon  
Prime Minister of the Celestial Kingdom

## FROM YOUR REGENT

I wanted to let everyone know that I had a great time being Regent for the last six months. I do however want to apologize for my less than wonderful performance as Regent. Unfortunately real life got in the way of the game and I was unable to accomplish what I wanted to this reign. I apologize for not being a better Regent but I have great hopes and wishes for the next Regent. I know that Dame Morganna will do an excellent job and I also have faith that with Sir Esoum as Monarch this reign will be an exciting and fun. Thanks for putting up with me for six months and I look forward to not having anymore responsibility!

## FROM YOUR NEXT MONARCH

Greetings to the populace of the Celestial Kingdom:

I hope this finds all of you well and in good spirits. As your new Queen, I wanted to layout my plans for my reign. I have already begun my work...even before the crown hits my head. My main focus will be to ensure that those in the outer rim groups get the Orders that they deserve and have earned. While visiting these parks over the past year and a half I have noticed this has been sorely lacking and I intend to see it corrected.

As for the Kingdom itself I and my Princess regent Dame Morganna have already begun work on insuring that the Kingdom is fully updated on the Amigard Atlas, in the Star and the CK webpage. As you will notice at coronation feast Role Play will be highly encouraged as well during my reign. Remember that we all started playing this Game because it was FUN not for the Politics. I want to try to bring the fun back.

For those of you who do not know me: let me give you some background. I am older than dust in this game, started playing in Oct. 1984 in the Burning Lands, while in college. In May 1985, I was knighted as the first Knight of the Serpent in Amigard. I have run fighting companies, households, I am one of the original two Amazons, have run Baronies and have served as regent(s). Other than a 4 year forced break from the game I have been active for 17+ years. I won't bore you all with the rest of my resume. After all most of you did vote for me. Just remember this is a Game and fun....so let's go out and KILL THINGS!!!
