Time to Abdicate the Throne

LAST WORDS FROM THE BARON

Well it's been an incredible six months. I've had a great time being your Regent and then Baron. Although there was a bit of drama, I hold no ill will against anyone. I'd rather remember the good times we've shared this reign, the special quests, the workshops, the food, and the camaraderie. I've been a resident of many parks in my Amtgard career, and I must say that

King's Point is by far the best group of players I've had the pleasure to be a part of. I've really enjoyed being a park officer, and I hope you all had a good time while I was in office. We'll have to do it again some time.

Respectfully,

Magnus Thera

PRIME MINISTER'S UPDATE

I am pleased to announce to all members of KP good news! The O.R.K. has been fully updated. All credits have been entered. Please review all of your credits on the ORK and make sure they are correct. If not let me know. If you have just started playing within the last 2 months (with the exception of the House of Lokí) you need to contact me so I can get your personal information and get a waiver signed.

Thank you Draqoonis

SLUFF HUNGER DRIVE

We had over 100 canned goods donated to Sluff hunger by parks all over the kingdom and from donations for gate at May Day. The biggest contributors were the people of Kings Point. Fantastic Job every one. In September we will be participating in the Amtgard food fight and our opponent will be the Celestial Kingdoms. I know we can beat them.

Denotes that there is no park level guild master. These are kingdom level guild master.

NEW GROUP IN TOWN

You may have noticed a new group at our little barony.

The Green and silver tabards represent the <u>Third</u> <u>House of Loki</u>. This household, lead by Sir Fytakin, is not only heavy into the arts and sciences and persona play, but they are also doing weapon's training and formation fighting.

If this sounds of interest to you talk to Fytakin about becoming a member.

MY BARONY

I lost my arm, a leg; the head Of once my brother fell to me. I caught it with a scream caressed with Bowels, anointed with our blood, Arteria, of crimson zest, Ethereal in oxygenation.

My mother whined a haunting dirge Of Why? ' and Will this never end? I answered with my bluing lips And gurgles of antiphony.

Dying in our agony, We make a sorry nation.

PJ (Pirate Junior)

If you look closely you can barely see the assassin hiding in this picture. Part of earning masterhood is being a master of disguise.

Hint: look under the duck.
